

# Michael W. Folonis Architects

## **About Anahit Asatryan**

Innovative and forward thinking as a designer, Anahit is involved in conceptual design, programming, entitlements, and construction documents from single-family residences to large-scale mixed-use projects. She is focused, efficient and receptive to project requirements as she manages all aspects of the design process. She is fluent in Building Information Modeling (BIM), graphic rendering and graphic design software, with the ability to utilize the most appropriate approach to solving design problems.

## **EDUCATION**

Master of Arts in Interior Architecture, California State Polytechnic University, Pomona

Bachelor of Architecture, SCI-Arc
